

on-line winter school!

Dear Partner,

stands for Environment Energy Electronics and more

We are delighted to invite your students for the international **3E+ Winter School 2021**. This is the first **on-line edition!**

This winter we offer a course in **Design Thinking**. Participants will have a chance to take part in an interactive, small-scale course which is specially designed to provide an intensive, in-depth look at the topic of study. The course consists of 60 hours and, upon completion, student can earn **4 ECTS points**.

The course will be held on weekend days between **16th January and 21st February 2021** (6 weekends). Students should apply before **December 18th, 2020**. **Early birds** benefit before **30th November!**

There is a special **10% discount** for students from our **partner institutions** (Valid Interinstitutional/ Erasmus+ Agreement)!

In the attachment you will find a leaflet and short information which can be distributed among your students.

We would be grateful for any help in promoting this event!

We invite you to have a look at our website and get to know more about the **3E+** winter programme.
